

LEED Certification Data

Ref: Pecora Deck 800 Series Urethane Deck Coating – LEED Product Information

To Whom It May Concern:

We at Pecora are totally committed to developing customer-valued adhesive, sealant and waterproofing solutions. Our focus is directed toward continuous improvement, superior quality and exceptional service.

Pecora Deck 800 Series Urethane Deck Coating is manufactured in Harleysville, PA (19438) and Pittsburg, KS (66762). If Harleysville or Pittsburg falls within a 500-mile radius of the project site, the product is considered to be a locally produced material and can help contribute to earning Material Credit 5.

The information presented here is the extent of the product information that can be disclosed. The “extraction and/or harvest point” of specific product components is variable.

Pecora Deck 800 Series Urethane Deck Coating contains the following VOC levels by system component:

- 802 base coat <192g/L
- 804 intermediate coat <225g/L
- 806 top coat <340g/L

The combined components in this system do not satisfy the LEED criteria for Low-Emitting Material Standard Credit 4.

LEED Criteria for VOC content of sealant and adhesive products as defined by:
SCAQMD Rule # 1113 <100 g/L

Should you have any questions or require additional information, please do not hesitate to contact me at 215-799-7520.

Sincerely,

Roy D. Cannon, Jr.
Technical Service Director
